

There when you need it most

If you're faced with the need to clean up a biohazard, death, crime scene, hoarding or meth contamination, we are here to help. 70 Services is the region's premier crime scene cleanup and biohazard remediation company.

We are committed to providing support quickly, honestly and ethically, so you can focus more important matters.

Quickly helping to restore lives and property after traumatic events

We are a team of dedicated professionals, committed to helping others in their most desperate hours. We provide state-certified professional and compassionate clean-up services to families, employers, and communities. We are there to help restore your life and property after traumatic events such as homicides, suicides, unattended deaths, accidents, meth contaminations, hoarding and other biohazards.

Our Services Include:

Biohazards

Restoring homes and lives quickly and safely through the removal, cleaning, and disinfection of blood, bodily fluids, and other potentially harmful pathogens.

Hoarding

Professional discreet remediation of animal waste, infestations, trash and other high-risk contaminants. Reducing risks to residents and the surrounding community.

Meth

Certified professional methamphetamine remediation of properties. Clean-up is performed quickly, safely and in accordance with standards established by the state Board of Health.
